## Workshop on Functional Data Analysis

**Prof. Dr. Alois Kneip, University of Bonn**  
**1st-2nd September, 2009, Berlin**

**Prof. Dr. Alois Kneip**, Chair of statistics in University of Bonn (Rheinische Friedrich-Wilhelms-Universität Bonn), Associate editor of Annals of Statistics, Bernoulli, Computational Statistics. His research field includes: Functional data analysis, Nonparametric and semiparametric statistics, Frontier analysis, Aggregation.

### Schedule

#### Day 1

9.30 - 10.30: Inference for density families using functional principal component analysis

11.00 - 12.00: Common functional principal component analysis

13.30 - 14.30: Factor models and the analysis of panel data

#### Day 2

9.30 - 10.30: Functional regression

11.00 - 12.00: The registration problem in functional data analysis

### Place

Room 310, Ziegelstraße 13c
